

SIMPLY CLEVER

CUT COSTS WITHOUT CUTTING CORNERS.

The new **Škoda**Superb Combi. Everyone grows with success.

With the new Škoda Superb Combi, we have not only increased our product range, but also shown what a tailor-made company car should be like. Besides the expected Škoda qualities like efficiency, functionality and reliability, it convinces further with elegant design, enormous comfort and an impressive boot capacity of 1.835 litres – features you can usually find only in the luxury class. As further proof, the car has earned the 'Best in Class' Running Cost in Spain, France, Italy and UK, besides also being nominated as the 'Best in Class' Residual Value forecast in Germany according to EurotaxGlass's. For further information, you may contact your nearest Škoda partner, call the **Škoda Auto Info-line** at **800 600 000** or visit www.skoda-auto.com/fleet.
