# Elroq 50/60/85: Key equipment

## SAFETY

Side Assist – blind spot monitoring system

Crew protect assist

Adaptive lane assist incl. emergency assist

iSOFIX child seat anchor points

Anti theft alarm

Turn assist

Tyre pressure monitoring system

Front side airbags with curtain airbag

Front assist: Forward collision warning incl. emergency brake & pedestrian recognition

Driver & front passenger airbags incl. passenger airbag deactivation

## FUNCTIONAL

Climatronic 2-zone air conditioning

Adaptive cruise control incl. traffic jam assist

Kessy Full – keyless entry/go system

Front & Rear parking sensors

Rear view camera

Drive mode select

Power folding exterior mirrors

Trailer hitch preparation

Automatic rain & light sensors

Auto-dimming rear view mirror

Wireless charging pad (subject to device compatibility)

Infotainment pack:

- 13" touchscreen display
- Navigation system
- Bluetooth & Voice control
- Smartlink (Apple Carplay / Android Auto)
- 2x USB-C ports & 8 speakers
- DAB – Digital radio reception
- Infotainment Online (3 years subscription)
- Remote access (3 years subscription)

## INTERIOR

Heated front seats

Loft upholstery

Front centre armrest

Split folding rear seats incl. rear centre armrest

Front & rear floor mats

Storage compartments in boot

Leather heated steering wheel

LED interior pack:

- LED ambient lighting
- LED footwell lights
- 'Welcome' logo projection

## EXTERIOR

20" 'Neptune' alloy wheels

LED headlights

LED tail lights

'SUNSET' dark tinted privacy glass

Acoustic side windows

Chrome window surrounds

Chrome roof rails

Tech deck front grille

# Elroq 60/85 Sportline: Key equipment

## SAFETY

All the colour images on this page are matched as accurately as possible to the actual paint colours used. However, due to print processes, Škoda Ireland cannot guarantee that colours shown are 100% accurate. Please contact your local Škoda dealer for more information.

# Battery & Charging

An electric vehicle's power is not determined solely by the power of the electric motor itself, but also by the power that the battery is able to deliver. As such, the value cited for the car's power is determined by the entire drive system.

Battery (Gross)	DC charging power	System output
55 kWh	145 kW	125 kW
63 kWh	165 kW	150 kW
82 kWh	135 kW	210 kW
84 kWh	185 kW	250 kW

Electric vehicles can be charged at public charging stations much like you would refuel a normal car at a petrol station. These charging stations are powerful so they can recharge vehicles' batteries rapidly. Most users, however, will generally use a home charger – a Wallbox – or an ordinary power socket. This charging takes longer, but hooking up to the grid is an automatic process and you can charge the batteries overnight, or at any time you are not using the car, without having to be present.

Source	Charging	50	60	85	Cable
Home socket	Charging power Charging time (0-100%)	Max 2.3 kW >24 hours	Max 2.3 kW >24 hours	Max 2.3 kW >24 hours	Mode 2
Wallbox (3-phase)	Charging power Charging time (0-100%)	Max 11 kW 5:30 hours	Max 11 kW 6:30 hours	Max 11 kW 8 hours	Mode 3
DC fast charger	Charging power Charging time (10-80%)	Max 145 kW 25 mins	Max 165 kW 24 mins	Max 135 kW 28 mins	Mode 4 – part of charging station

- All charge times are average and can vary depending on certain conditions, such as temperature and power supply available.

# Elroq: Tyre & Maintenance Plan: €1,250 optional addition

The new Škoda Elroq uses the latest materials and technologies that requires expert skills and knowledge when it comes to maintenance and care. For your convenience we have compiled a Tyre & Maintenance Plan as part of the vehicle delivery charge to provide up to 39% savings when compared to purchasing the services and components separately. See below for what is included in the Enyaq Tyre & Maintenance Plan.

### 3 Pin Home Charging Cable

Is essential when charging away from home or when public charging points cannot be accessed.

**Routine Inspection 1 & 2** comprises of Electronic Health Checks to ensure your vehicle is free from faults and functioning correctly.

### Service Interval Maintenance

High voltage component checks, Brake Fluid Change, Pollen Filter Replacement and a Coolant refill are the main tasks carried out by technicians during this service.

### 4 Low Rolling Resistance Tyres

provide better battery range and low cabin noise levels. They are likely to be the most expensive operating cost you will experience during the lifetime of the vehicle.

**Brake Pads** may require replacement during the Service Interval or if the vehicle signals the driver on the infotainment display.

**Wiper Blades** ensure maximum visibility and safety. A set of wiper blades is included in the Tyre & Maintenance Plan.

**Tyre and Maintenance Plan Summary:** Replacement Tyres - As required €1,240, Mode 2 Charging Cable for backup/domestic charging (supplied at delivery) -€274, Inspection 1 & 2 - Electronic Vehicle Health Check, Functionality and Fault Assessment -€70, Routine Service Maintenance - High Voltage Component Check, Running Gear Assessment, High Voltage Battery Status, Brake Fluid Change, Pollen Filter Replacement, Top-up Cooling System Levels- €209, Brake Pad Replacement - As required-€175, Wiper Blade Replacement - As required -€96. Total value if purchased separately €2,064. As part of Tyre and Maintenance Plan €1,250 (saving of 39%). Price based on component recommended retail price and average dealer labour rates. Tyre prices are based on 21" Self Sealing Technology. Please discuss your Tyre & Maintenance Plan requirements with your local ŠKODA Dealer.
