CREATE AN UNMISTAKABLE ATMOSPHERE

The legroom light and the LED logo projector for the front door of the ŠKODA KAROQ provide more style, more comfort and more safety when exiting the vehicle in the dark, and helps you to avoid stepping in mud, or a puddle. It also gives your car a more modern, stylish look.

WHEELS

DID YOU KNOW...

... that all our wheels are subjected to rigorous ŠKODA homologation testing to prove their resistance to corrosion, weather and strain-stress? Moreover, alloy wheels are protected by a layer of heavy-duty coating.

CONNECTIVITY

MyŠKODA

ŠKODA CONNECT AND OTHER DIGITAL SERVICES IN YOUR POCKET

Driving your ŠKODA isn't just about driving. It's the functions, the features, and the personal touches that add up to a brilliant experience. It's the music you play on the way to your destination. It's the security of knowing that great support is never more than a few taps away.

Your ŠKODA vehicle is your everyday companion – and thanks to the MyŠKODA application you can go even further in interaction with your vehicle. Use the application to remotely check the status of the vehicle, lock or unlock it, or display its parking position. Benefit from statistical insights into your last trip, and use them to plan a more efficient route next time. It offers also insight to the vehicle manual, quick tips for using the vehicle and its accessories or possibility to interact with your preferred service partner, with a number of further functions just waiting to be explored.

With the MyŠKODA application in place, your car remains under your control at all times. The application is available for download on App Store (iOS) and Google Play (Android). ŠKODA Connect features services are available based on ordered service bundle: Infotainment Online or Care Connect.

57A 061 512 | rear

TEXTILE MATS

Textile foot mats make the vehicle interior more comfortable, whilst also offering greater protection to the floor. The mats with no-slip surface capture dirt as well as moisture. They reduce the noise level inside the vehicle, increasing the comfort when travelling.

COMFORT AND PRACTICALITY

The front and rear mud flaps protect the lower areas of the vehicle body from dirt and damage caused by stones and debris striking them. Mud flaps are useful especially in winter helping to keep your vehicle clean when the roads become wet and dirty.

Practical and stylish footrest “Lounge Step” is completely in line with the interior design of your vehicle while increasing the travelling comfort of the user’s legs and feet.

SUN SHADES

The sun shades for the KAROQ are a practical and useful accessory the whole year round. They will protect you from bright sun during summer in particular where they provide cool shade. At the same time, they will protect your privacy and conceal your luggage from the eyes of passers-by. Easy to fit and thanks to the high-quality materials used, they will serve you reliably for years to come.

BOOT MATS

These are classic examples of a multipurpose accessory. The foldable double sided boot mat has one fabric side of the mat which protects the luggage compartment from dirt. The plastic underside, on the other hand, is perfectly suited for transporting dirty or wet items. The foldable boot protection is the best solution to protect all you luggage space.

Double-sided boot mat - foldable

57A 061 210 | with VarioFlex rear seats and for vehicles with standard rear seats and basic floor

BOOT DISH

The boot dish fits perfectly in the luggage compartment to protect it from getting dirty. The dish can be equipped with an aluminium partition complemented by a splitting element, enabling you to split the space according to your needs. It creates a space to stow items which you need to have on hand or that you may need to keep separate from the rest of your luggage.

TAMING THE LUGGAGE COMPARTMENT

The netting system is a practical and attractive addition to the luggage compartment. It secures transported items and luggage in place, and prevents them from sliding around while the vehicle is in motion.

ŠKODA SCOOTER EVO

The ŠKODA foldable scooter is a practical and efficient solution for the „last mile“ from the parking space to the final destination and the „first mile“ back to the vehicle. The scooter will provide environmental and uncomplicated mobility on the commute to work and on the way home or on a shopping trip.

EXPERIENCE

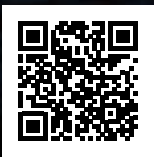

MyŠKODA App

Enjoy full control of your car.
Download MyŠKODA and access
all necessary features anytime,
whether it's driving data, fuel
range, planning a route or even
where you last parked.

ŠKODA Genuine Accessories are offered by ŠKODA as optional extras at additional charges. Colours, designs and materials may differ from those in the illustrations. Information such as specifications, appearance, performance, dimensions, weight, fuel consumption and operating costs relating to the illustrated vehicles and products is based on information available at the time of printing this document, and ŠKODA AUTO reserves the right to change these data.

Correct rim and tyre size combinations are available in the Registration Certificate and/or from your dealer. When choosing snow-chains, make sure to follow the indication in your car's certificate of roadworthiness.

Wheels depicted on the cars may not be part of the available range.

Please contact your ŠKODA Partner for information as to which products are available and suitable for your model, what restrictions apply, the installation times required and costs. Subject to change without notice.

Vehicle parameters such as weight, rolling resistance and aerodynamics may vary depending on additional equipment and accessories (attachments, tyre sizes, etc.) and may, together with weather, traffic conditions and individual driving styles, affect fuel consumption, electricity consumption, CO₂ emissions and other performance parameters. ŠKODA Genuine Accessories are not used to determine consumption and emission levels, and can therefore only be fitted after the vehicle's first registration.
