**EXPERIENCE**

A man in a blue shirt and khaki pants is walking on a paved path next to a long, white, curved wall. His shadow is cast onto the wall. In the background, there is a tall palm tree on the left, a street lamp with a bell-shaped shade, and some buildings with thatched roofs. The sky is a clear, light blue.

# WHEELS

**ELEGANT STYLE WITH A SPORTY TWIST.** Just as the right pair of shoes can define an outfit, your wheels shape the singular look of ŠKODA SCALA.

Available for 18" to 16" winter wheels, our dynamic sports-tuned rims can bring your car's playfulness, elegance, and sophistication to the forefront. A wide range of options ensures that your vehicle is always in harmony with your personal style. Your choice of ŠKODA SCALA wheel rims guarantee a driving experience that matches your unique individual energy.

The product consists of a lightweight alloy wheel (including a wheel-centre cap with the ŠKODA logo). A set of four wheel trims is available as an optional extra for the steel-wheel alternative.

May be used with snow chains

### Did you know, that...

All the alloy wheels have passed rigorous homologation tests of ŠKODA AUTO to prove their resistance to corrosion, climatic influences and driving strain? Moreover, alloy wheels are protected by a layer of extremely hard, heat-resistant paint.

INT

# INFOTAINMENT

It's about the journey, not just the destination – and with the ŠKODA SCALA, everyone in the vehicle can enjoy the trip. A connected multimedia system makes it easy to communicate with friends and family, get the information you need, and keep you and your passengers happy and entertained while you drive.

What's more, you can customize your driving experience even more with ŠKODA Genuine Accessories. Through SMART LINK+, hook your mobile phone directly into your navigation screen through the connecting cable it and use it to play music, listen to the radio, get directions, or make calls even when your battery is empty.

Use the ŠKODA Connect App and ŠKODA OneApp to remotely honk and flash, ensure all doors are locked or check fuel, traffic, and weather – with a number of other functions just waiting to be explored. Benefit from statistical insights into your last trip, and use them to plan a more efficient route next time.

## ONE APP AND CONNECT APP

OneApp is a useful mobile application offering easy access to a wide range of services and assistance tools.

You can easily check the vehicle status, a trip log or plan a trip by referencing nearby places of interest simply and conveniently on your smartphone in the comfort of your home.

With ŠKODA Connect App in place, your car remains under your control at all times. Access all necessary features and functions of your vehicle anywhere and anytime from your smartphone or smartwatch.

Features are available based on ordering ŠKODA Connect bundle: Infotainment Online or Care Connect.

## SmartLink+

ŠKODA Genuine Accessories  
(000 054 830A)

It is available for Amundsen, Bolero, Swing

With the SmartLink+ system (ŠKODA Connectivity bundle supporting MirrorLink®, Apple CarPlay, Android Auto) the car's infotainment system enables the driver to safely use the phone while driving. Plus, all installed applications that are certified as safe for vehicles are compatible with MirrorLink®, Apple CarPlay or Android Auto. The SmartLink+ system also includes the SmartGate function. It enables you to connect your smartphone to the car via cable to access interesting data about your drive, like driving economy, driving dynamics or service information. (Visit our website for usage terms and compatibility information for SmartLink+.)

Driving your ŠKODA isn't just about driving. It's the functions, the features, and the personal touches that add up to a brilliant experience. It's the music you play on the way to your destination. It's the security of knowing that great support is never more than a few taps away.

Your ŠKODA vehicle is your everyday companion – and thanks to MyŠKODA, it's so much more.

Now available for iOS (Apple) and Android (Google) devices, it provides comprehensive information about your car and its service no matter where you are. Use Apple CarPlay and AndroidAuto to mirror MyŠKODA via the onboard infotainment system and listen to your favourite tunes. Get roadside service or talk to your preferred dealer at a moment's notice. Ask PAUL – the Personal Assistant U Love – to check traffic, set alarms, and solve your day-to-day challenges.

With MyŠKODA, drive – and live – with complete confidence.

**My Car** – A key part of the app is focused on your car: Car Data offers the latest summary about your car and its service appointments, Car Manual is an interactive copy of the Owner's Manual, and a whole range of step-by-step tutorials is available in the Before You Start, Control Lamps, Quick Tips, Video Tips and Simply Clever sections. You can receive selected latest data from your vehicle directly in your mobile phone by connecting with compatible infotainment system.

**My Dealer** – The MyŠKODA App comes with a hotline connecting you to your favourite dealer. Browse the opening hours and offered services, or request an appointment by filling out a simple form so the dealer can call you back.

**Assistance** – Whether you are stranded on the side of the road or your car doesn't start in front of your house, ŠKODA Assistance is just 3 clicks away. Tap on the receiver icon and let our team get help to you as quickly as possible.

**Calendar** – PAUL keeps an eye on traffic, weather and the fuel tank to let you know if there might be any trouble on the road and if you should set off earlier. He can activate your alarm earlier if there is a chance you might be late because of heavy traffic or bad weather.

# COMFORT & UTILITY

# COMFORT & UTILITY

With ŠKODA Genuine Accessories, enjoy a comfortable drive for all seasons – for you, your passengers, and anything you bring with you. Transport your possessions safely and securely with netting systems, boot mats, fixing elements and foot mats for different weather conditions.

The ŠKODA SCALA is a practical, pleasant and spacious ride: in summer, winter, rain or shine.

## Holds and lasts

Did you know that the textile floor mats from ŠKODA Genuine Accessories also undergo the so-called 'heel test'? This test simulates the action of the driver's foot on the accelerator, sinking the heel 5 mm into the floor mat in both dry and wet conditions at an angle of 45°. The floor mats also undergo an additional load test in the form of a long driving test, and further focus is placed on the brackets fixing the front floor mats to the car upholstery. The tests are designed to verify the proper clip strength needed to enable comfortable handling by the driver, while keeping the floor mat in place despite the occasional application of force during the drive.

Do you want to ensure the maximum safety of your children in the car?

The child seats from ŠKODA Genuine Accessories with mounting options for transporting against the direction of travel, comfort and variability, represent the best solution for transporting the smallest passengers.

#### Practical and variable

The intelligent design of these child seats allows the child to not only be seated in the back, but also on the front passenger's seat where you can see them. The child seats feature variability and numerous setting options to adapt them to the changing size of your children.

#### Perfectly verified

All child seats from ŠKODA Genuine Accessories comply with European safety regulations (EHK 44.04) and have passed a number of other tests. The high quality and safety of these child seats is demonstrated by their excellent results in the Euro NCAP impact test, together with successful non-combustibility testing, harmful substance ratings and cover quality.
